**Raines Dental Kicks Off Month-Long Back-To-School Drive Collecting New School Supplies
to Support the U.S. Wiggins Elementary School in Camden, New Jersey**

August 5, 2019 – Mullica Hill, NJ – Raines Dental LLC, a full service practice providing comprehensive general and cosmetic dentistry in Mullica Hill, has kicked off its month-long back-to-school drive, collecting new school supplies for the U.S. Wiggins College Preparatory Lab Family School in Camden, New Jersey. For the 2nd year in a row, Dr. Raines and staff are encouraging patients to donate backpacks, lunch boxes, pencils, crayons and other supplies for elementary aged children. The drive runs now through August 31st.

“No child should be without the materials needed to learn and based on the response last year, it seems our patients agree,” says practice owner, Jason Raines, DDS, a strong proponent of education. The back-to-school drive comes on the heels of the Raines Dental Scholarship Program being awarded to a local graduating senior from Clearview Regional High School. “We look forward to delivering another overflowing box of supplies to the Wiggins Elementary School to kick off the school year right. This is just a small way we can help.” The Raines Dental Back-to-School Drive is one of the efforts Dr. Raines has implemented to support the community. Others have included Pink Wednesdays, Access to Care as an Albert Schweitzer Fellow, Give Kids a Smile, Dentistry From the Heart and “Take Mom/Dad to the Dentist” for Mother’s and Father’s Days.

Raines Dental, LLC provides comprehensive general and cosmetic dentistry, including routine oral hygiene and cleanings, fillings, dental implant restorations and root canal therapy. State-of-the-art treatments also encompass traditional and same day dentures, bridges and crowns plus extensive cosmetic services and teeth whitening. Raines Dental is located at 4 Burton Lane, Suite 200 in Mullica Hill, New Jersey with flexible appointment scheduling Tuesday through Saturday and participates with most dental insurances to maximize patients’ benefits.
